

## Plan

### Business Architecture

Define  
Service  
Interfaces

Define  
Aggregation  
Rules

### System Architecture

Define  
Integration  
Architecture

Define  
Routing Rules

Define  
Controller  
Architecture

### Project Management

Perform  
Staffing

Define  
Training  
Concept

Source  
Project  
Environments

## Test

Define  
Performance  
Tests

Evaluate Test  
Results

## Build

Implement  
Integration  
Architecture

Implement  
Service  
Interfaces

Implement  
Aggregation  
Rules

Implement  
Routing Rules

Implement  
Controller

Perform  
Controller  
Tuning

## Run

Setup  
Monitoring  
Infrastructure

Setup Test  
Environment

Perform  
Performance  
Tests
